## **RTTC Emergency Organizing Response Fund For Grassroots Housing Justice Organizations**

Right To The City launched a \$5M Emergency Organizing Response Fund to support the expansion of organizing across the country at the state, regional, and local level in response to COVID-19 and to fuel the [Beyond Recovery](#) campaign calling for the immediate cancellation of rent, utility, and mortgage payments and no new debt.

Contributions to the fund will go directly to expanding the outreach and organizing infrastructure of grassroots housing justice organizations and tenant unions to engage and absorb hundreds of thousands of renters, low-income homeowners, and small business owners into a vibrant and unstoppable movement to win homes for all.

If you are interested in contributing to Right To The City's \$5M Emergency Organizing Response Fund, please email [alia@righttothecity.org](mailto:alia@righttothecity.org).
